

Changes to the MAG CoP

25 April 2025

Butch Zurich

This document summarizes the substantive differences between the new code MAG CoP (25 April 2025) and most recent published version (July 2024).

This document highlights differences in values and construction rules. It does not contain wording changes, symbol changes, pictogram changes, naming of existing elements, or small clarifications etc.

This document is not an official document!!! The content of of the CoP, 25 April 2025 represents the most accurate version of the rules for Men's gymnastics.
