

2017-2020 NGJA/NCAA Interpretations Update to the Rules March 23, 2018

Dean Schott
National Technical Vice President
National Gymnastics Judges Association

The NCAA has asked the NGJA to provide evaluations for new elements and sequences. The values of these elements are posted in this document.

New elements are submitted throughout the year, so judges will need to refer to this document at NGJA.org on a regular basis to ensure you have the latest interpretations. The interpretations document will identify changes in the following manner:

- *** will indicate when skills have changed or new skills have been evaluated so as to be more easily identified
- When possible, the interpretations will include a digital picture or a link to a video of those skills evaluated on these pages

In Addition, there are specific areas noted in this document that are important for NCAA Judges to be familiar with and are referenced in the 2017-18 NCAA Men's Gymnastics Rules Modifications document.

All Judges officiating an NCAA Competition need to review in detail the 2017-18 NCAA Men's Gymnastics Rules Modifications document.

If you have additional questions on the rules, please [click here](#) to e-mail those to Dean Schott, NGJA NTVP.

The NCAA season will follow the Precedence Order of current version of the following documents:

- FIG Code marked MAG 2017.
- Current MTC Newsletters and FIG MTC FAQ Document
- 2017-18 NGJA/USAG Interpretations Document
- 2017-18 NCAA Men's Gymnastics Rules Modifications document
- 2017-18 NGJA/NCAA Interpretation Update
- A link to these documents are available on the NGJA Web Site
- Each Judge should have a copy of these documents with them when judging an NCAA Competition.
