- Session Minimums** - For sessions with less than 50 judgments, the judge shall be paid by the number of athletes entered times the number of events judged (with a minimum of 50 judgments per session required).
Example #1: 35 judgments X 2 events judged = 70 multiplied by the cost per judgment = Judges Fee
Example #2: 35 judgments X 1 event judged = 50 (minimum) multiplied by the cost per judgment = Judges Fee
 - For mixed sessions, multiply the number of compulsory judgments times the compulsory fee and the number of optional judgments times the optional fee.
 - To simplify reporting and payment, the number of judgments will be assessed at the beginning of each session and be deemed the same for each judge per session (and flight in the case of Capital Cup). The intent is to base payment on the number of competing athletes.
 - Modified Capital Cup** – “Warm up, compete, warm up, compete” (or any similar format where competition is interrupted to allow the primary warm up time per event once competition has begun) shall have a negotiable increase of *up to a* maximum of 30% per judgment fee per session as specified above). Capital Cup sessions (where competition/judging are not interrupted) do NOT incur this fee. True “one touch” warm up, where each athlete gets one brief turn, do *not* incur this fee.
 - Judge rating must be current and in good standing for the year (or quadrennium in the case of brevets).
 - Associations generating funds from sessions may be included as part of fees, but may not exceed the max listed fees.
 - This document applies to all USAG sanctioned events, *other than* State, Regional, National Championships, and Future Stars Evaluations.
 - These fees represent the **maximum** that may be charged and judges may accept lower fees if reasonably negotiated prior to a competition.
 - **The XCel Program is run by the State Directors with a goal to allow small competitions. Those events may be unprofitable using the above fees so assigning organizations MUST work constructively with clubs/meet hosts to provide officials as necessary. The XCel fees above apply to invitationals and other large competitions, though the per-judgment rates and minimums may require judges to accept lesser amounts as the program ramps up in the first 2-4 years.
 - The fees contained herein should be reviewed, updated, and circulated every four years. **The JO RTD and local judging associations will work with the Regional Chairmen and their local/state coaching associations to negotiate the fees for their region/state during this review.** The NGJA also recommends local associations standardize fees across their Region where possible.
- Conflicts arising over judge pay should be escalated to the NGJA Regional Director and JO RTD as necessary.
